

Appl. No. 10/071,143

RECEIVED  
CENTRAL FAX CENTER

OCT 06 2006

**Remarks/Arguments**

In the last office action Examiner Lamb indicated that all claims were allowable. However, the Examiner objected to the specification as failing to provide proper antecedent basis for the claimed subject matter. By the present amendment the description has been amended as suggested by the examiner to provide proper antecedent basis for all claims remaining in this application, except that "material" is used rather than --substance--. As these terms were presented in the original claims filed in this application new matter is not being added. Accordingly, the allowance of this application is respectfully requested.

Respectfully submitted,

  
John C. Thompson
